## Technical Skills

---

**Programming Languages:** HTML, CSS, JavaScript.

**Other:** React, Node.js, Express.js, MongoDB, SQL, Linux, Bash Scripting, Git, GitHub, VSCode,.

## Projects

---

### ***MovieSearch (Web Application):***

[github.com/Abdimajid99/MovieSearch](https://github.com/Abdimajid99/MovieSearch)

- Implemented a fast and efficient search feature, allowing users to find movies by title.
- Developed a comprehensive movie details page displaying the title, synopsis, release date, genre, and ratings.
- Designed and implemented a **responsive layout**, ensuring seamless usability across desktop and mobile devices.
- Developed a **REST API** using **Node.js** and **Express.js** that accesses a **MongoDB** database.
- Achieved a **93 Lighthouse performance score** by optimizing load times, and adhering to web development best practices, ensuring users have a smooth and seamless experience.

### ***cch (Command Line Tool):***

[github.com/Abdimajid99/commands\\_cheatsheet](https://github.com/Abdimajid99/commands_cheatsheet)

- Developed cch, a command-line tool written in **Bash** to help users save and manage a personalized cheat sheet of terminal commands in **Linux**.
- Implemented a feature to allow users to view their saved commands for easy reference and retention.
- Added functionality for generating bash scripts with starter templates, streamlining the scripting process for beginners.

## EXPERIENCE

---

### **Sales Representative, Incense World**

Sept 2018 - Present

- Conducted product presentations and demonstrations, effectively communicating value propositions to meet client needs.
- Empathetically listened to customers' concerns and complaints, working patiently with them to identify and implement effective solutions, resulting in improved customer satisfaction and loyalty.
- Provided exceptional customer service and follow-up, ensuring high levels of client satisfaction and repeat business.
